

Recycling and Garbage Cart Exchange

Call Waste Management at 569-1776

Recycling:

On October 1st 2015, Indian River County transitioned to an automated single stream recycling system where all recyclable materials are placed in the same container. All residents, with the exception of Indian River Shores, were delivered a blue 64-gallon recycling cart that is collected weekly using an automated mechanical arm. The 64 gallon cart on wheels is designed to accommodate larger items such as cardboard boxes and rigid plastics such as tubs and buckets; however, we understand that one size does not fit all.

In addition to the standard 64 gallon recycling cart, there are two other cart sizes available to residents: a large 96-gallon recycling cart or a small 34 gallon recycling cart (pictured below). If you would like to exchange your standard recycling cart for a smaller or larger cart; you may **call your recycling hauler, Waste Management at (772) 569-1776.**

Before requesting a smaller cart, keep in mind that the capacity of the 35 gallon cart is LESS than the capacity of the two 18 gallon recycling bins that were previously being used. The first exchange is free; however future exchanges will cost \$30 per cart per exchange, so make sure you request the right size for your home so you can avoid having to pay for another exchange later!

Recycling Cart Swap

(All County residents except the Town of Indian River Shores)

Standard Size: 64-gallon Cart

| MODEL | HEIGHT | WIDTH | DEPTH |
|-----------|---------|---------|---------|
| 64-Gallon | 42 3/8" | 25 1/8" | 29 1/2" |

Upsize: 96-gal Cart

| MODEL | HEIGHT | WIDTH | DEPTH |
|-----------|---------|---------|---------|
| 96-Gallon | 45 3/8" | 27 1/2" | 33 1/4" |

Downsize: 35-gal Cart

| MODEL | HEIGHT | WIDTH | DEPTH |
|-----------|---------|---------|---------|
| 35-Gallon | 36 3/4" | 18 3/4" | 23 3/8" |

Garbage for Unincorporated IRC and the City of Fellsmere:

On October 1st 2015, the City of Fellsmere and unincorporated Indian River County also transitioned to an automated garbage collection service and residents were delivered a 96-gallon garbage cart. For Waste Management customers who received the standard 96 gallon cart, there are two smaller options that are available to residents: a 64-gallon cart and a 35 gallon cart (pictured below). If you would like to exchange your standard garbage cart for a smaller size; **call Waste Management at (772) 569-1776.**

The first exchange is free; however future exchanges will cost \$30 per cart per exchange, so make sure you request the right size for your home so you can avoid having to pay for another exchange later!

Garbage Cart Swap
(For subscription customers in Unincorporated County and Fellsmere)
